Project Information

For this Expression of Interest, please provide short and concise answers to the questions below.

Note: Project information shouldn't be more than 2 to 3 pages in total.

Description

Please provide a brief description of the project and its deliverables over the duration of the SPRINTS in no more than 100 words

Further Description

Please describe further by providing an outline of the project with a focus on the following:

- a. Alignment to SPRINTS purpose i.e. applications of advanced robotics or Ai in products or services
- b. Demonstration of manufacturing outcome(s)
- c. Project scope and exclusions over the duration of the SPRINTS in no more than 100 words

Goals

What is the problem/gap/opportunity that you are intending to solve/fix/create as part of the project?

Technologies

What type of advanced digital technologies or innovative approaches will be adopted or created as part of the project?

Inside Your Organisation

What significant benefits (e.g. value, competitive advantages, new business models, upskilling or further investment) will this project create for your organisation?

Outside Your Organisation

What are the project benefits to others outside your business? For example, the wider Australian manufacturing community, other industry sectors or supply chains.

Timeline

The project will be ready to commence from March 2022

Acknowledgment

For eligible projects, ARM Hub can match cash equivalent value, noting that the industry partner (you) is willing to invest up to maximum of \$25,000 cash in the project.

Certify

I/We certify that all details given in this application are correct and upon successful assessment of this application, I/We agree to carry out the project outlined and agree to the terms and conditions of the 2021 SPRINTS Program Criteria.
